

# A Statistical View of The Right to Vancouverism: Social Reproduction Placemaking in the Revanchist City

Gian Carlo Diluvi\*

Client: Cheryl-lee Madden

June 2021

## **1 Introduction**

In Section 2, we present structural equation modeling as a statistical methodology to answer the three questions of interest. In Section 3, we discuss the sampling considerations. Section 4 concludes the report.

## **2 Statistical Methodologies**

## **3 Sample Considerations**

## **4 Conclusion**
